DEPARTMENT OF HEALTH PROMOTION

Yaoundé, le 19 FEV 2026

PRESS RELEASE

The Minister of Public Health hereby informs the national public that, following the preventive recall of certain infant food products of the **BLEDINE brand**, thorough investigations and laboratory analyses have revealed no presence of aflatoxins in the samples collected from the national market.

Consequently, the Minister of Public Health reassures the population regarding the safety and the absence of any health risk associated with the consumption of Blédine products currently circulating throughout the national territory.

Finally, the **Minister of Public Health** reaffirms his commitment to ensuring food safety and protecting the health of consumers.

The Minister of Public Health

Dr. Nanaouda Malackie
