MINISTRY OF PUBLIC HEALTH

SECRETARIAT GENERAL

DEPARTMENT OF HEALTH PROMOTION

Yaoundé, on **18 MARS 2026**

## PRESS RELEASE

The Minister of Public Health, **Dr. MANAOUA Malachie**, informs the general public that following an **INTERNATIONAL ALERT** relating to the potential presence of **cereulide** in certain infant milks of the **NURSIE** brand of the **DANONE** Group, investigations have been initiated in order to guarantee the quality and safety of the products circulating in our local markets.

To this end, and as a precautionary principle, **the Minister of Public Health instructs the IMMEDIATE PREVENTIVE WITHDRAWAL** of **DANONE** brand products from the distribution and marketing of infant milks, until the end of the investigations and confirmation of their safety.

In the meantime, the Minister of Public Health calls on distributors and all other sales points to **suspend the marketing of these products** and invites the population to **refrain from consuming them until further notice**.

Any unusual reaction or suspected adverse event should be reported to the nearest health facilities or call 1510.

Finally, **the Minister of Public Health** reaffirms his commitment to ensure the safety of food and nutritional products available to the public, in particular those destined for infants' consumption, and will inform public of any developments relating to this situation.

**The Minister of Public Health**  
  
*Dr. Manouada Malachie*
